

# G-I-N Australian & New Zealand (ANZ) Regional Community

## July 2016 Update

### Resources and Contact form

In response to feedback to develop a registry of skills and expertise within the ANZ Regional Community a google spread sheet has been developed form that can be accessed here [https://docs.google.com/spreadsheets/d/1BN88X4M3CP9K3pZiRyDLzc1nvGoalr\\_Z33zp2HqJLw/edit](https://docs.google.com/spreadsheets/d/1BN88X4M3CP9K3pZiRyDLzc1nvGoalr_Z33zp2HqJLw/edit). This has been developed based on model that GRADE uses. A link to the spread sheet will be on ANZ Community page of the G-I-N website. If you are listed in the spread sheet, you will receive an email from time to time to keep the form updated. Email [a-nz@g-i-n.net](mailto:a-nz@g-i-n.net) if you wish to add information to the spread and the link doesn't work, it seems some organisations firewalls might be problematic.

The twitter account will bring you news we think will inform the community that is relevant to the ANZ Regional Community. Send the twitter account a direct message with news of a forum, your latest publication or new guidelines. No twitter account required – book mark the URL so it is on hand when you want to send a message. Let's build the community through twitter and be visible.
