

August 2019

We are fast approaching the 2019 joint conference with the [Joanna Briggs Institute](#) (JBI), which is taking place at the

newly expanded, state of the art, Adelaide Convention Centre from Wednesday 30th October – Saturday 2nd November 2019. If you are planning on attending the conference but haven't already registered, you can do so [here](#). [This link](#) will also take you to the main conference website where you can find out everything you need to know about attending as well as the latest news about the event and the full conference programme.

We are delighted to have **over 320** registered delegates from several different countries and continents as well as a rich programme of presenters. Zachary Munn, Scientific Committee Vice Chair says "One thing that distinguishes this conference from others is the inclusion of the special sessions which allow delegates to delve deep into these topics. They really are the jewel of the concurrent program".

More details about some hot topics relating the conference are noted below:

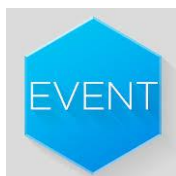

Pre-Conference Courses: The G-I-N & JBI Conference Committee is pleased to offer 6 preconference courses which will be held on Wednesday 30 October. All courses will be held at the Adelaide Convention Centre and include a networking lunch. Please note that you can also select any two half day courses and only pay the full day fee. Find out more details [here](#).

LMIC Grant Successful Applicants 2019: G-I-N is once again delighted to be able to offer support to four of our members from Low and Lower Middle-income countries to attend the 2019 Conference in Adelaide. For full details on our grant recipients, please click [here](#).

Working Group & Regional Community meetings: Current group member or interested in finding out more? The conference is the perfect place to connect. Meet the Chairs at our welcome reception or see the [formal meeting schedule](#) and get involved.

Conference App 2019: Attending the conference? The conference app will be available late September and we will let you know as soon as it is available.

Here is a sneak preview of what it will look like in the app stores.

AGM registration: All G-I-N members are warmly invited to attend the Annual General Meeting that is taking place on Wednesday 30th October in Adelaide Convention Centre.

Registration now open! Click [here](#) to register.

Other news:

Members of our Accelerated Guideline Development Working Group were actively involved in the publication of

a new clinical practice guideline in sudden death prevention. The final document can be viewed [here](#) (written in French). Any questions or for more details please contact [Asma Ben Brahem](#).

Accelerated Guideline Development

Since July 2015, the Cochrane Library has been available free of charge to

full members of G-I-N. The **Cochrane Library** contains high quality health care information, including the Cochrane Database of Systematic Reviews. Find out more at [The Cochrane Library](#).

G-I-N and Cochrane have also collaborated on [TaskExchange](#) - a platform used to facilitate closer working relationships between systematic reviewers and guideline developers. Users must create a profile, then can use the platform to post tasks or note willingness and ability to undertake tasks. In return for the work, the contributor can be paid and/or receive acknowledgement. Visit the TaskExchange team at the Cochrane booth in Adelaide to find out more.

Annual Report 2019:

Our annual report for 2019 is now available to view. Click on the image to read the full report.

Get Social! Click on the icons to join G-I-N's member forums and stay connected with our global network.

Also, don't forget our [conference dedicated Twitter page!](#)

Additional Resources: The G-I-N website has a number of areas of interest for members to access. Follow the links below:

- [International Guideline Library](#)
