PLENARY SPEAKERS

Many professional speakers from the guideline world will be addressing the developments made in the field and the most pressing issues we are facing today.

You will have the opportunity to hear John Grove from [WHO](#), one of our plenary speakers discuss "Guidelines Without Borders": developing recommendations to guide care globally. We are also delighted to have Professor Sir Michael Marmot join us from [UCL Institute of Health Equity](#) to give his insight into Equity & Guidelines"

Join us at GIN 2022 to learn from these industry experts - all of our key speakers' bios, can be found [HERE](#). You can also find out more about our [2022 Scientific Committee](#), who have devised an innovative [conference program](#) filled with recent relevant developments in the guideline world.

SPONSORSHIP & EXHIBITION

Check out the **GIN 2022 Sponsorship & Exhibition Brochure** [HERE](#).

The brochure provides you with information about sponsorship opportunities, sponsorship and exhibition benefits and different levels available, customized packages that better suit your requirements, terms, conditions and more.

For additional details about Sponsorship and Exhibition, please contact GIN2022-sponsorship@icsevents.com.

PRE-CONFERENCE COURSES

Our courses will be delivered by leaders in the field to provide learning and development opportunities to our delegates in line with the conference theme of this year **“Making Health Choices Transparent, Equitable and Efficient”**

- Making efficient use of limited resource: an introduction to health economics in guidelines - delivered by the [National Institute for Health and Care Excellence \(NICE\)](#)
- Storytelling Clinical Guidance to Consumers: An Approach to Facilitate Uptake and Use of Clinical Guidance to Consumers and Non-Scientific Populations delivered by [ebase Africa](#).
- Leading change for health equity - Lessons learned from an integrated best practice guidelines program - delivered by Registered Nurses' Association of Ontario ([RNAO](#))

[INGUIDE](#) is a comprehensive, evidence-based training program for guideline recommendation and development. It's the product of a joint partnership between GIN and [McMaster University's Department of Health Research Methods, Evidence, and Impact](#). Attending one of the pre-conference course sessions is an opportunity to be part of the very first in-person public course so make sure you sign up today!

- [INGUIDE Program Level 2 - Guideline Methodologist Course](#) - delivered by [International Guideline Credentialing and Certification](#)
- [INGUIDE Program Level 3 - Master Guideline Developer and Chair](#) - delivered by [International Guideline Credentialing and Certification](#)
