Innovations & partnerships for health in all policies

GIN Conference - Geneva
16th - 19th September

GIN 2025 Conference

Welcome to the seventh edition of the GIN 2025 Conference E-zine.

The GIN 2025 Conference will take place from 16th to 19th September 2025 at Palexpo International Exhibition and Convention Centre in Geneva, Switzerland. The conference will address critical health challenges emphasising the role of innovation and cross-sector partnerships in driving change and will focus on transformative approaches to advancing global health and well-being.

Don't miss out on actively participating at the GIN 2025 Conference to help advance the continuous learning and development of guidelines at a global level, aiming to reduce duplication of effort across the guideline world.

INGUIDE Pre-Conference Courses

INGUIDE pre-conference courses will run for half a day on Monday 15th September and a full day on Tuesday 16th September, prior to the GIN 2025 Conference.

The INGUIDE in-person course offers an unparalleled opportunity for learners to network with like-minded professionals, build new relationships, and explore potential collaborations. The in-person course not only provides exceptional learning opportunities but also offers ample networking time during breaks. You will have the chance to connect with experts in your field, ask questions, receive immediate feedback, and get a deep understanding of the material being presented. Plus, learners will have exclusive access to the INGUIDE instructors, allowing for personalized learning and mentorship opportunities. Breakfast and lunch will be served!

- Course 1: Certified Guideline Panel Member + Adolopment add on module
- Course 2: Certified Guideline Methodologist
- Course 3: Certified Lead Guideline Developer and Chair

If you would like to register for one of the courses, please click on the link below.

Sponsor Announcement

Silver Sponsor

We are very excited to announce **MAGIC Evidence Ecosystem Foundation** as a **Silver Sponsor** at the GIN 2025 Conference. We would like to thank them for their support of GIN!

MAGIC is a non-profit organization with the vision to increase value and reduce waste in healthcare through a digital and trustworthy evidence ecosystem.

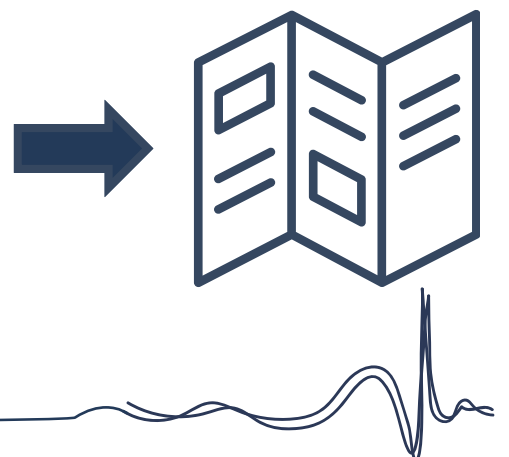

MAGICapp is our core platform, bringing digitally structured and user-friendly guidelines, evidence summaries and decision aids to clinicians and patients. Our ongoing research and innovation targets personalized medicine, evidence from artificial intelligence and the final ecosystem steps: more efficient dissemination, adaptation, and implementation to demonstrate a true impact on patient care.

Our work is inspiring health care systems around the world to create a new infrastructure for the production and use of best current evidence in policy and practice.

We continue to work together with a wonderful team of international collaborators sharing our vision.

Interested in being a Conference Ambassador?
